I am a fresh graduate in Informatics with strong passion in data science and UI/UX design. With extensive experience in programming and applying the latest technologies, I have successfully developed projects that include data analysis, prediction, and classification models. I have expertise in problem-solving, designing innovative interface designs, and have a readiness to contribute in collaborative teams. I have a strong passion for innovation and continuous learning, and am currently focusing on Big Data technologies, Business Intelligence, and Software Engineering. With a high level of dedication and strong analytical skills, I am ready to embrace a role that can utilize my technical skills to achieve my goals.

EXPERIENCE

Web Developer • Suradadi Sub-district

Jul 2024 - Present | Tegal, Central Java

- Assisted in preparing exam questions for the Harjasari Village Appointment Committee according to Tegal Regency Government standards.
- Created and developed a website for the CAT (Computer Assisted Test) based Suradadi Sub-district Appointment Committee Exam.

Web Developer • HUMIC Engineering Research Center

Jul 2023 - Oct 2023 | Bandung, West Java

- Led the Dashboard Survey HUMIC departmental group.
- Created a web design prototype according to the directions provided by the field supervisor.
- Developed a responsive and interactive web dashboard survey for HUMIC Engineering Research Center.

Machine Learning Engineer • Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka

Feb 2023 - Jul 2023 | Bandung, West Java

- Led a team of Capstone Projects to design mobile applications that are responsive, engaging, and easy to use.
- Organized and managed the team by assigning responsibilities to each member based on the learning path.
- Designed system processes flow from data collection to integration into the application.
- Built a deep learning model with data augmentation and transfer learning features with more than 97% accuracy.

Head of Division • Youth Organization of Kramat Sub-district

Dec 2017 - Dec 2022 | Tegal, Central Java

- Led the Youth Education and Training Division team.
 - Organized education, training and empowerment of the younger generation.
 - Conducted entrepreneurial development activities for young people in the environment.
-

EDUCATION

Telkom University

Bachelor of Informatics • Aug 2020 - May 2024

- Research Group in Data Science.
 - Graduated with cumlaude predicate and GPA 3.89.
 - Published a research journal in the International Journal of Intelligent Engineering and Systems (IJIES) indexed by Scopus Q2.
-

ADDITIONAL

Certifications

- TensorFlow Developer Certificates
- IT Support Google Professional Certificates
- Machine Learning Specialization Certificates
- DeepLearning.AI TensorFlow Developer Certificates

Publications

Movie Recommendation System Based on Tweets
Using Switching Hybrid Filtering with Recurrent
Neural Network

Professional Skills

- Hard Skills: Programming, Data Science, UI/UX Design, Copywriting, Project Management.
- Soft Skills: Analytical Thinking, Problem-solving, Detail Oriented, Leadership, Teamwork.

Organizations

- Google Developer Student Clubs (GDSC) Telkom University
- Brebes Tegal Slawi Telkom University
- Youth Organization of Kramat Sub-district
